PROFESSIONAL SUMMARY

Frontend-focused developer with hands-on experience in React.js, JavaScript, and responsive web development. Built multiple real-world projects including a full-stack NGO management system using Flask and MySQL. Strong understanding of API integration, UI design, and modern web technologies. Seeking an opportunity to contribute to scalable applications and grow as a developer. Passionate about building scalable and user-friendly web applications.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, React.js

Backend: Flask (Python), Node.js, Express.js

Database: MySQL

Tools & Technologies: Git, GitHub, REST APIs, JSON, Postman, VS Code, Chrome DevTools

WORK EXPERIENCE

Process Associate – Aptara, Pune

Jan 2026 – Present

- Managed digital content workflows ensuring accuracy and quality under strict deadlines
 - Worked in a structured, process-driven environment improving attention to detail
 - Collaborated with team members to meet project standards and delivery timelines
-

PROJECTS

NGO Management Website (Full Stack Project)

Tech Stack: HTML, CSS, Flask, MySQL

- Developed a full-stack web application to manage NGO activities, donations, and volunteers
- Implemented donation and volunteer registration modules with backend data storage
- Designed responsive UI with multiple sections (Education, Health, Environment, etc.)
- Built backend routes for form handling and database operations
- Developed additional modules including a lift management system and API-based vehicle tracking

Business Website – Pandurang Pratishthan Foundation

- Developed a responsive business website with service and contact pages

- Focused on clean UI, navigation, and user engagement

School Website – BSB International School

- Built a responsive website showcasing admissions, facilities, and school information
- Structured content for better accessibility and user experience

Vehicle Tracking System (API Project)

- Developed a real-time vehicle tracking system using APIs
- Tech Used: JavaScript, REST API

Lift Management System

- Created a smart lift control system with optimized floor request handling
- Focused on logic building and efficient request processing

Portfolio Website

- Designed and developed a personal portfolio showcasing skills, projects, and achievements
 - Focused on responsive design and modern UI/UX principles
-

EDUCATION

Bachelor of Computer Applications (BCA)

BPHE's Ahmednagar College (Savitribai Phule Pune University)

2022 – 2025 • 69%

HSC: 78% • SSC: 84%
